

Saving your Username and Password in StarConnect SAT VPN:

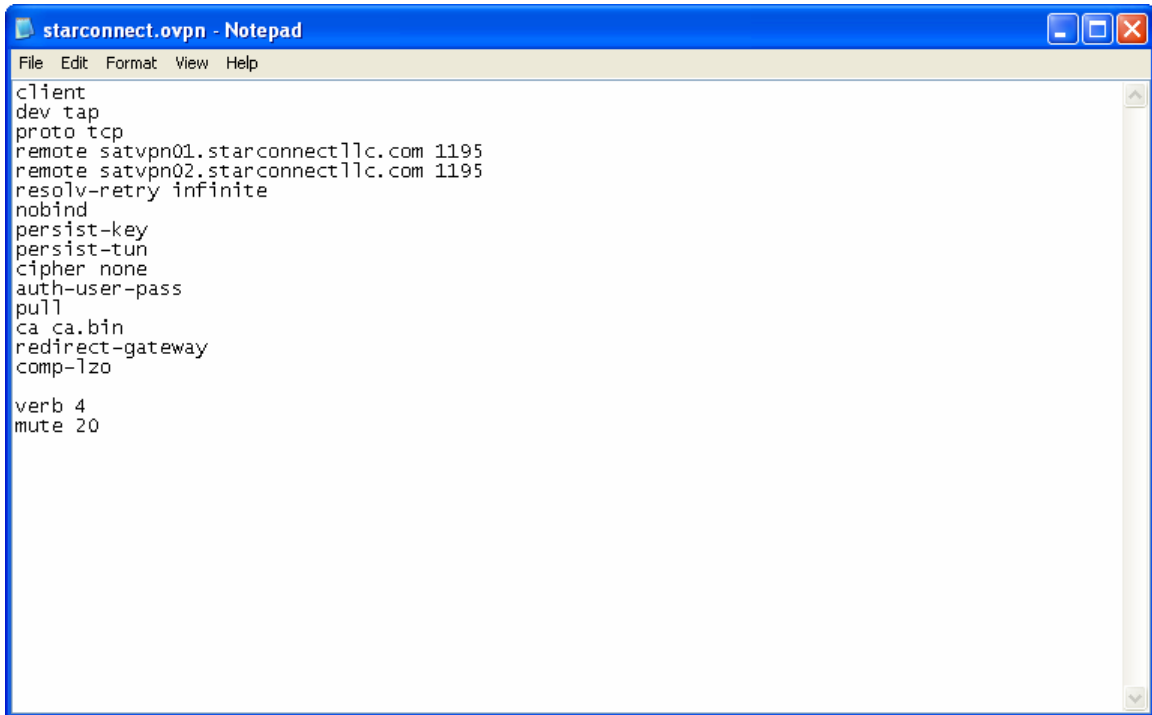

- 1) Go to Start Menu -> All Programs -> StarConnect SAT VPN -> StarConnect SAT VPN configuration file directory

- 2) Edit the userinfo.txt using notepad and overwrite the word **username** with your username and the word **password** with your password.

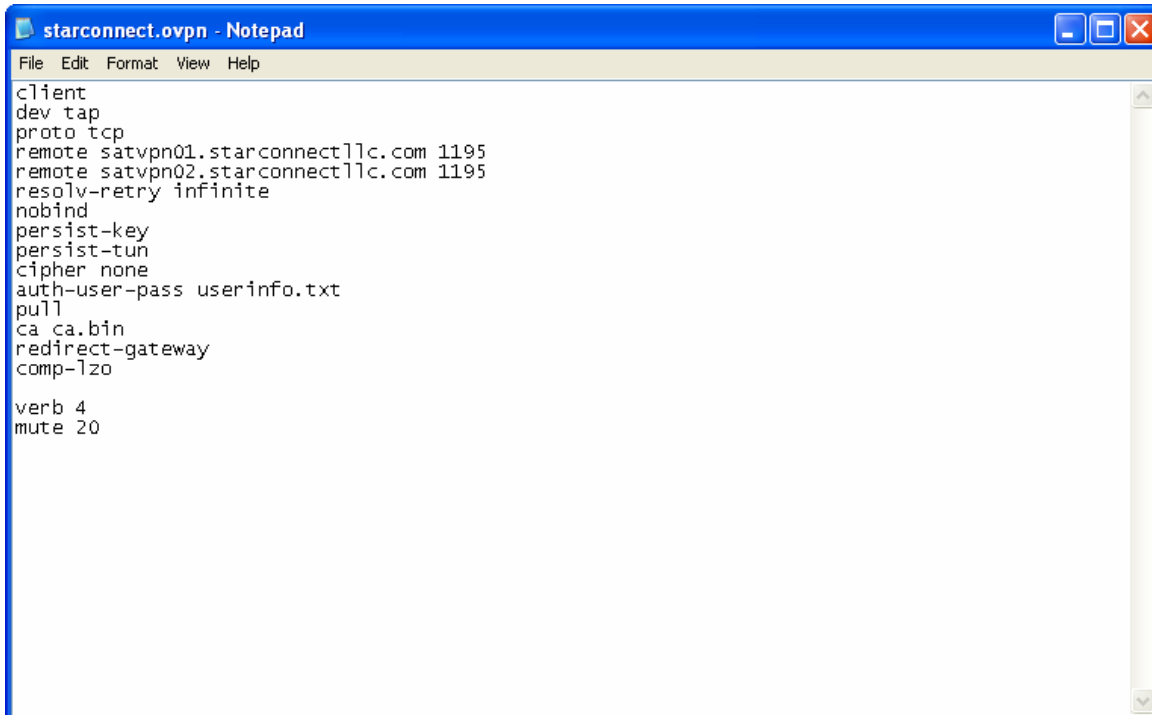

- 3) Save the changes and close the file and the folder
- 4) Open the StarConnect SAT VPN config file using the double computer icon on the icon tray . Right click on it and select edit config

```
starconnect.ovpn - Notepad
File Edit Format View Help
client
dev tap
proto tcp
remote satvpn01.starconnectllc.com 1195
remote satvpn02.starconnectllc.com 1195
resolv-retry infinite
nobind
persist-key
persist-tun
cipher none
auth-user-pass
pull
ca ca.bin
redirect-gateway
comp-lzo

verb 4
mute 20
```

- 5) You must add the word **userinfo.txt** at the end of the line that reads **auth-user-pass**:

```
starconnect.ovpn - Notepad
File Edit Format View Help
client
dev tap
proto tcp
remote satvpn01.starconnectllc.com 1195
remote satvpn02.starconnectllc.com 1195
resolv-retry infinite
nobind
persist-key
persist-tun
cipher none
auth-user-pass userinfo.txt
pull
ca ca.bin
redirect-gateway
comp-lzo

verb 4
mute 20
```

- 6) Save your changes and close the text file
- 7) Done. You will no longer be prompted for your username and password
